Times-Dispatch Bureau,

Petersburg, Va., January 24.
The local political situation is growing quite interesting. This afternoon Samuel W. Zimmer, the present representative from Petersburg in the House of Delegates, announced himself a candidate for the State Senate from this district and promptly began to let his friends know the fact in person. Mr. Zimmer is a successful member of the Petersburg bar, has a wide acquaintance and is very popular. And the same may be said of P. H. Drewry, another member of the bar, who is being urged by his friends to offer for the Senate, but who has not decided as to his course. John Y. Harris, of Dinwiddle county, is the other candidate for the Senate in this district.

Added interest is given to the situation by the announcement that Robert Gilliam, Jr., and Robert G. Bass, both well known young lawyers, may become candidates for the House of Delegates from Petersburg. Neither has yet positively decided as to the main

Sometimes Three Fingers Without Nails at One Time. Began 25 Years Ago. No Permanent Cure. Began to Use Cuticura Soap and Ointment. In a Short Time Nails Were Well. No Further Trouble.

"I have suffered from the same trouble ipainful finger nails] at different periods of my life. The first time of its occurrence, perhaps twenty-five years ago, after trying home remedies without getting helped, I asked my doctor to prescribe for me, but it was not for a year or more that my nails and fingers were well. The inflammation and suppuration began at the base of the finger nail. Sometimes it was so painful i at I had to use a poultice to induce suppursation. After the pus was discharged the swelling would go down until the next period of inflammation, possibly not more than a week or two afterwards. These frequent inflammations resulted in the loss of the nail. I had sometimes as many as three fingers in this state at one time.

"Perhaps ten years later, I began again to suffer from the same trouble. Again I tried various remedies, among them a prescription from a doctor of a friend of mine, who had suffered from a like trouble. This seemed to help somewhat for a time, but it was not a permanent cure, next tried a prescription from my own doctor, but this was so irritating to the sensitive, diseased skin that I could not use it. I began to use Cuticura Soap and Ointment. I had used the Cuticura Soap and Ointment. I had used the Cuticura Ointment previously on my children's scalps with good effect. I did not use the Soap exclusively, but I rubbed the Cuticura Ointment into the base of the nail every night thoroughly, and as often beside as I could. I had not used it but a few weeks before my nails were botter, and in a short time they were apparently well. There was no more suppuration, nor inflammation, the nails grew out clean again. One box of Cuticura Ointment was all that I used in effecting a cure." (Signed) Mrs. I. J. Horton, Katonah, N. Y., Apr. 13, 1910. On Sept. 21, Mrs. Horton wrote: "I have had no further return of the trouble with my finger nails."

First Action Tried Under North Carolina Anti-Trust Law.

[Special to The Times-Dispatch.]
Raleigh, N. C., January 24.—That the Standard Oil Company is not guilty of the charge of cutting prices of oil in Raleigh below the cost of supplying the trade in order to run out competition here is the verdict of Justice Alex Stronach in the Raleigh Municipal Court, where Attorney-General Bickett had the prosecution started, the first under the State antitrust law enacted two years ago. The hearing continued two weeks early in December.

The justice holds that the prosecution failed to show that the cuts in

The justice holds that the prosecution failed to show that the cuts in prices of cil were to drive out competition, rather than on account of an increase of supply that brought lower prices the country over.

In concluding his ruling, which is quite lengthy, Justice Stronach says: "As to the statute, while this prosecution seems to show that its substantial provisions are ample to remedy the evil aimed at by the special sections under which this warrant was drawn, it also emphasizes the necessity for some more adequate provision for obtaining the necessary evidence."

Her Neighbor

Willard, Ky.—In a letter from this place, Mrs.Effic Graham says: "I was so weak I could hardly go. I suffered nearly every month for three years, and often I would have to lie in bed. I had pains in my side, and would swell up, and my back hurt awfully.

When I began to take Cardui I weighed only 99 pounds. Soon I began to feel a great deal stronger. Not long after I weighed 115 lbs. Now I am doing my work, and am in good health.

Cardui has done wonderful things for me. I feel like a new person. I will always praise Cardui to my friends.

After Wrs. Graham was Relieved,
Bepresentative Marshall, of Surry county, several days ago introduced a bill to provide free text books for publican, and his bill is in line with one of the planks of his party, which the Democrats allege they are not espousing in good faith, but for political purposes. The House Committee on Education has just given him a hearing on his bill, and he made an especially earnest appeal for his measure to be reported favorably, using the conditions which he says exist in his own county as a special text. The committee gave him a complete surprise by deciding to report his bill favorably, but Hmiting its application to Surry county only, and prescribing that the money for the school funds of the county, but out of the general county fund. Representative Marshall has not inflected just what attitude he will assume in the House when his bill comes up as amended with favorable report from the committee. The indications are that the House will rest with the Senator from Surry in the upper branch of the Assembly.
